

Spirit of Faith Christian Center Gainesville

WHO WE ARE

We are a family of trailblazing believers. We are blazing a trail for others to follow us as we follow Christ. We love God extraordinarily and expect the power and presence of God to be released every time the word of God is taught. We teach the word of God in simplicity and in power which causes the constraints of people's minds to be freed. We are a people who have been liberated, because where the spirit of the Lord is, there is liberty. We are a ministry of Excellence. We are a multi-cultural ministry. We teach believers God's financial plan for their lives. We are a teaching and prophetic ministry. We are a people who are kind and polite. We walk in biblical humility and are bold as lions. We walk in the spiritual authority that Jesus did. We expel every trace of traditionalism because the bible says that the traditions of man make the word of God of none effect. We manifest a strong family fiber. We are here to heal the broken hearted, to set free them which are bound, to preach wealth to the poor, to preach healing to the sick, to preach peace to the oppressed, to preach freedom and power to them that are religious. We are wise as snakes and harmless as doves. We teach Faith in the "Word of God". We teach sensitivity to the voice and Spirit of God. We are a ministry that is used of God to help catapult believers into their rightful pre-ordained purposes in life. We are founded in intercession, and growing by the love and power of God.

OUR MISSION

Outreach

To train ministers and partners on how to evangelize in their everyday lives. To have an area of ministry completely dedicated to witnessing for Jesus Christ outside the walls of the church.

Drug Rehabilitation

To establish a drug rehabilitation facility.

Bible Studies

To offer mid week bible study opportunities and to offer college bible studies on campus also.

Classes

To offer many special interest groups and classes to help each partner renew their minds and grow into spiritual maturity. (Single Parents classes, College Student classes, Communication Lab for Married Couples, New Moms classes, Money Management classes, etc....)

Ministry Finances

To teach people the word of God about paying tithes and giving offerings. This is God's financial plan for the believer. This is the means He uses to bless His people financially. We will need no other form of fund raising.

TV/Radio Ministry

To preach the gospel at the 100-fold level. We continually believe to take more ground for the kingdom. TV, Radio, internet or any tool that we can use to get the gospel out will be used.

Campus Ministry

To be highly involved with the University of Florida and doing on-campus ministry efforts.

Entertainment

To offer the city and community a clear cut alternative to the world's entertainment. To invite outstanding guest throughout the body of Christ. To hold conferences, concerts, & plays.

Ministers School & Training Facility

To establish a first class ministry school

Schools

To establish Christian based schools for every level of education.

Homeless Rehabilitation Center

To offer food, shelter, biblical counseling and practical training for those who are willing. To provide a means for those who wish to increase their lives after receiving the uncompromising word of truth.

Depression Clinic

To wage outright war against the spirit of depression by providing solid biblically based counsel. To have a facility whereby we can minister to the spiritual needs of those who have been experiencing depression in a safe, confidential, and a professional environment.

Bookstore

To operate a full service, first class book store. To offer books, music, church supplies and Christian Apparel with excellence. To carry the best products for educating and advancing our understanding of our Christian walk.

Business Development

To teach entrepreneurial biblical principles. To encourage business owners and prospective business owners alike. The goal is two fold. First to establish many different businesses that spring forth from additional income created by the ministry. This will allow our money to make money, at the same time establish more job opportunities for our partners and community. Secondly, to teach each partner to identify and use the entrepreneurial spirit that God has given them to enhance their personal financial positions and to help the local God given vision come to pass by their obedience in giving. The end result will be developing a church and a people that will require no aid from the world. Truly, the government shall be upon our shoulders. Through biblical principles and by precept and example, we will show God's people the level of success that God desires them to have and why. We will offer business networking classes, business management classes, accounting classes, marketing classes, budgeting classes, etc... We do believe that "What Christians buy, Christians should supply".
